Date: 12/01/97

The Right Stuf International is pleased to announce the release of the next two volumes and the first prepack (comprising the first half of the series) of "The Irresponsible Captain Tylor." This 26 episode television series has been at the top of anime fans "must see" lists for years, and will be available for the first time in the US. Volume 1, "The Most Irresponsible Man In Space," and volume 2, "Bring Me The Head Of Captain Tylor" are currently available through regular distribution channels.

The time is the distant future, and two civilizations are preparing for interstellar battle. The problem is that the UPSF's forces are stretched to the limit, and the Raalgon Empire has declared war on them. One thing is certain: both sides are undergoing massive internal power struggles and there is going to be a great deal of useless killing before this is over. Anyone in the army has to seriously question their commitment and their sanity. And, then there's Tylor.

Justy Tylor is for all outward appearances a bumbling clod, a directionless 20 year old man on some distant future world. Drifting aimlessly, he takes it into his head that enlisting in the military would be a good way to glide through life and collect a nice fat pension after an invisible career. One would think that someone like this wouldn't even be let in the door, let alone given the chance for glory. Tylor, though, has perhaps the most disarming manner in the Universe ... there isn't a person alive who can out-charm him. Even with this ability, common wisdom dictates he wouldn't get very far before someone caught on and quietly buried him someplace unimportant (pretty much what Tylor wants, actually).

Unfortunately, though, it seems that Tylor's superiors are finally on to him, and the Raalgon Empire has noticed this "brilliant young tactician." Caught between these powerful opposing forces, Captain Tylor does what comes naturally ... blissfully ignore them. When his ship appears destined for reassignment, he does little more than yawn. When the Raalgon attack with a huge massed fleet, well ...

The Irresponsible Captain Tylor: never underestimate the power of complacency and sloth.
